OVER 600,000 TELEPHONE CALLS

are made in San Francisco and vicinity each day. A large proportion of these messages are purchasing orders or relate to buying or selling. This fact is of vital interest to shopkeepers. It indicates that the telephone system is the great channel through which flows a large part of the City's trade.

LARGE SHOPKEEPERS are well aware of this fact, and have installed many telephones to serve as inlets for telephone orders. In many cases, telephone trade constitutes a large proportion of their business.

SMALL SHOPKEEPERS can get their share of this trade—providing they have telephone facilities and give prompt attention to telephone orders. Telephone buying is on the increase, and the telephone is now as necessary to the modern shopkeeper as is his stock of goods.

The constant use of the Telephone Directory has created for the shopkeeper a valuable medium in which to advertise his wares.

The rates for space in this book are reasonable.

The Pacific Telephone and Telegraph Company

The Value of Telephone Service to the small Shop Keeper

SIX HUNDRED THOUSAND telephone calls are made in San Francisco and vicinity each day. A very large proportion of these messages are purchasing orders, or relate to buying or selling. This fact is of vital interest to shopkeepers. It indicates that the telephone system is the great channel through which flows a large part of the City's trade.

Large Shopkeepers are well aware of this fact, and have installed many telephones to serve as inlets for telephone orders. In many cases, telephone trade constitutes a large proportion of their business.

Small Shopkeepers, too, can get telephone trade—providing they have telephones, and give prompt attention to telephone orders. Telephone buying is on the increase, and the shopkeeper without a telephone is left at the post in the race for business.

For rates and information regarding telephone service, communicate with nearest Contract Office

Everybody uses the Telephone Directory

IF YOU WANT TO BECOME KNOWN

Advertise

IN THE

Telephone Directory

Which has obvious advantages over any other medium

IT GETS INSIDE the office door and into the home; it reaches the business man and housewife. Magazines and newspapers do this, but they are short lived. The Telephone Directory gets there and stays there—it is on duty constantly, day and night, every day in the year.

NO OBJECTIONABLE ADVERTISEMENTS WILL BE ACCEPTED

¶ When calling telephone numbers, subscribers are requested not to use any other than this Directory.

¶ Various unauthorized lists have been published by parties not connected with the Telephone Company, and the use of such lists will result in errors and consequent detriment to the service.

Telephone Directory Advertising

The Telephone Directory in any community is now so important as *the* list of business houses, prominent residents, etc., that the position it occupies in the business world is unique.

It is the only reference book kept up to date that is generally circulated, and of necessity is revised more often than any other local publication, and its circulation is usually much greater.

It is on duty constantly, day and night, every day in the year and reaches everybody.

It might surprise you yourself, for instance, to learn how much you rely on it as an address list and business guide.

Where do we usually see the telephone book?

Isn't it usually within a foot of the telephone? Isn't it often nailed there, in fact?

The telephone and the telephone book are inseparable, and if anybody takes one away from the other, there is an immediate protest.

These two modern conveniences are kept together because one must be used with the other. On this account, and owing to its continual use, the Telephone Directory, as an advertising medium, is invaluable.

"Blank & Company's line is busy."

"Well, get me Smith & Jones; I'll give them the order."

A Concern Without Adequate Telephone Facilities Loses Business

WHEN all your telephone lines are in use, your telephone doors are closed. Customers who try to reach you by telephone cannot do so. If they frequently find your telephone lines busy, they will become exasperated and send their orders to another concern — one that has adequate telephone facilities and an open telephone door.

Telephone buying is on the increase. It has already become a habit with many thousands of people. A concern desiring telephone trade can no more afford to have inadequate telephone facilities than it could afford to have so few entrances that prospective customers could not walk into the store without waiting in line.

It is not difficult or expensive to correct busy telephone conditions. An additional central office line, or an additional telephone installed in a growing department, is frequently all that is needed.

Are Your Telephone Facilities Adequate?

If you are in doubt about it notify us, and we will make an investigation to determine what changes, if any, are needed. No obligation is incurred by asking for such investigation. Telephone nearest Contract Office and a representative will call.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

AN EXTENSION TELEPHONE

In the residence, if the main telephone is downstairs, *An Extension Telephone* upstairs will add greatly to the usefulness and convenience of the service. Upstairs or downstairs, a telephone will be close at hand and the necessity of stair-climbing eliminated.

Incoming and outgoing night messages are often emergency or highly important calls. *An Extension Telephone* upstairs in or near the sleeping apartment will save much time and add greatly to your comfort and protection.

In the office, *An Extension Telephone* on your desk will save you much time and annoyance. It is most inconvenient to be constantly called on to leave your desk to answer a telephone call at a telephone located in some other room, or at some point far removed from the work in hand.

With *An Extension Telephone* on your desk, telephone calls can be sent and received conveniently with practically no loss of time. With its aid you will be able to accomplish more during the busy office hours.

The additional expense of AN EXTENSION TELEPHONE is trifling. Extension Telephones can be ordered at any of the below offices

The Economy of Adequate Telephone Facilities

A BUSINESS establishment inadequately equipped with telephone service may save a few dollars each year on its telephone charges but lose a much larger amount on account of the time wasted by its officers and employees. Of even greater seriousness is the fact that customers, discouraged because of inability or delay in reaching the concern, will transfer their trade to some more progressive establishment.

TRUE economy equips an organization with the means of conducting its business in a systematic way, and with the least possible loss of time and energy on the part of its working force. The additional expense of a few dollars per year in telephone equipment may result in the saving of hundreds by increasing the working capacity of the organization and facilitating communication with customers.

Are Your Telephone Facilities Adequate?

If you are in doubt about it notify us, and we will make an investigation to determine what changes, if any, are needed. No obligation is incurred by asking for such investigation. Telephone nearest Contract Office and a representative will call.

156,000 copies of this issue are necessary to supply subscribers in San Francisco and vicinity.

87,821 is the actual number of subscribers in San Francisco having a copy of this issue.

51,913 copies are distributed to subscribers in the other cities and towns around the bay.

But the real importance of the San Francisco Bay Counties Telephone Directory as an advertising medium is even greater than is indicated by its big circulation.

1. It is the ONLY medium that is an everyday NECESSITY to the public;
2. It is the ONLY medium that can not be read at one sitting and then laid aside and forgotten;
3. It is the ONLY medium that is consulted by more than SIX HUNDRED THOUSAND people DAILY.

THE SAN FRANCISCO BAY COUNTIES

TELEPHONE DIRECTORY

offers a unique opportunity to reach the largest number of people at the lowest possible cost

ADVERTISING IN IT PAYS

For complete information and rates, write or telephone to

ADVERTISING DEPARTMENT

Oakland, 1545 Franklin Street	Telephone Oakland 5600
San Jose, 80 South Market Street	Telephone San Jose 185

The Pacific Telephone and Telegraph Company

Growth and Good Business

The growth in the number of stations operated by The Pacific Telephone and Telegraph Company in San Francisco has been constant. From February 1, 1910, the average has been 4066 for each issue of the Directory. We may reasonably expect this growth to become even greater as the activities in relation to the Panama-Pacific International Exposition progress.

This Directory is used constantly by practically every resident of the Bay Cities.

Can you as a business man afford not to have your name listed in it?

Can you afford not to have sufficient telephone facilities so that the public may be able to reach you at all times?

Can you afford not to have a telephone in your residence for the protection and convenience of your family?

Can you afford not to have an extension telephone to save many steps?

Call Kearny 4100 for further information.

KEY TO SHORTHAND NOTES

OVER 900 BUSINESS MEN OF SAN FRANCISC

representing the HOME INDUSTRY LEAGUE OF CALIFOR on September 30, 1910, unanimously indorsed GALLAGH MARSH SHORTHAND SYSTEM as the best in existence are giving preference to GALLAGHER-MARSH SHORTH WRITERS in the selection of office help because they are best stenographers and because the GALLAGHER-MARSH books are printed and bound in San Francisco, thereby ma stenographic history for the State of California. The GALLAGH MARSH SHORTHAND SYSTEM is also recommended by expert court reporters as the best in the world.

PROFICIENCY ALWAYS COUNTS. That is why t are no graduates of GALLAGHER-MARSH BUSINESS COLL out of employment. They occupy the BEST positions in Francisco and are always in demand.

THEREFORE, students, if you desire lucrative employ in San Francisco send for free pamphlet, and read the lette advice from the experts and also the resolutions adopted by HOME INDUSTRY LEAGUE OF CALIFORNIA, and then will understand why you should attend
